# CROP REPORT.

THE CONDITION OF THE CROPS IN NORTH CAROLINA.

A Good Showing-The Oyster Lands-Charged with Murder-Rattroad and Personal Notes.

(Special telegram to the Dispatch.) RALEIGH, N. C., March 23.—The crop report for March was made up to-day by Mr. Bruner, secretary of the De partment of Agriculture. It is very in-teresting and covers all the State, being made up of the reports from a hundred correspondents. It states that there is a decided advancement in the matter of clover and grasses. More will be seeded and the cultivation is becoming more general all over the State. Great report showing the bids for the different strides are being made in the production and use of home-made manures. The condition of live stock is better this average for horses is 95; for mules, 96; cattle 90; sheep, 81; swine, 88. The highest estimates for all live stock come from transmontane counties, and the day labor. He farthermore said that if any one would obligate himself to do the work from the extreme eastern counties. There is less complaint of labor than last year. Labor is reported to be fairly efficient in 8 per cent. of the replies. As to wheat it is shown that over 18 per cent. O'Brien, who is a practical meform of natural and equal justice. It also a many one would obligate himself to do the work by day labor as cheap as by contract than by the form of natural and equal justice. It also a many one would obligate himself to do the work by day labor as cheap as by contract that if any one would obligate himself to do the work by day labor as cheap as by contract that if any one would obligate himself to do the work by day labor as cheap as by contract that if any one would obligate himself to do the work by day labor as cheap as by contract that if any one would obligate himself to do the work by day labor as cheap as by contract than by the form of natural and equal justice. It also a many one on the part of the assembled legislators on the part of the assembled legislators any one except Tate. There was no hesitation on the part of the assembled legislators and the declaring that Hewitt's actions had impeded the investigation of Treasurer of labor, prohibit the competition of a system that if on the part of the assembled legislators and equal justice. It also also the committee presumed that it would be specific charges against any one except Tate. There was no hesitation on the part of the assembled legislators and except Tate. There was no hesitation on the part of the assembled legislators and equal justice. It also also the committee presumed that the work could be specific charges against any one specific charges against any one on the part of the assembled legislators and except Tate. There was no hesitation on the part of the assembled legis damage from either excessive rain or substantiate what he (Mr. Walsh) had accounts had been purposely retarded by damage from either excessive rain of from cold. This is indicative of very slight damage to total of the crops. The amount of wheat sown is normal. The condition of plant is 95. The oat crop will be in excess of that of last year, will be in excess of that of last year.

The condition of plant is 95. The oat crop will be in excess of that of last year, if there was a guarantee that the building could be put up as cheap that way as Its condition is 96. That of rye is 92. Nothing definite is stated in regard to by contract. last year's. As to the tobacco crop there yet no figures as to the cost have been that he did not conform with the statute and aid to common schools and last year's, As to the totacco crop there
are no definite statements, but it appears forthcoming.

Are no definite statements, but it appears forthcoming.

Mr. Perdue (Mr. Weisiger in the Anditor Hewitt says: "At the end of revenue laws. The rice crop
